

# Catching Feelings

## Intro

I'm catching feelings x2  
Oooooo... yeah x2

## Verse 1

She was playing with her hair when I saw her  
Seduced me with her eyes and then I told her  
I said hey there, do you mind if I come on over  
Sophisticated lady can I get to know ya?

Now when I saw her, I asked if we could meet sometime  
She said when and what you got on your mind, I smiled  
I said maybe if you're free for the rest of your life  
Let's not waste any time

## Chorus

*I'm catching feelings  
My heart is beating out of time  
I can't control my mind, baby  
I'm catching feelings  
I'm gonna prove you are the one for me*

## Verse 2

We had a beautiful dinner after dark  
And then 8 months later she met mama  
I said mother, "I love her"  
She said fill me in how did you meet her

When I saw her I asked if we could meet sometime  
She said when and what you got on your mind I smiled  
Well maybe if you're free for the rest of your life  
Let's not waste any time, she smiled

## Chorus x2

## Bridge x2

Never seen a girl so damn fine to think that she could be mine  
If I play it right, could be the best day of my life  
Oooo, yeah
