

Catching Feelings

Intro

I'm catching feelings x2
Oooooo... yeah x2

Verse 1

She was playing with her hair when I saw her
Seduced me with her eyes and then I told her
I said hey there, do you mind if I come on over
Sophisticated lady can I get to know ya?

Now when I saw her, I asked if we could meet sometime
She said when and what you got on your mind, I smiled
I said maybe if you're free for the rest of your life
Let's not waste any time

Chorus

*I'm catching feelings
My heart is beating out of time
I can't control my mind, baby
I'm catching feelings
I'm gonna prove you are the one for me*

Verse 2

We had a beautiful dinner after dark
And then 8 months later she met mama
I said mother, "I love her"
She said fill me in how did you meet her

When I saw her I asked if we could meet sometime
She said when and what you got on your mind I smiled
Well maybe if you're free for the rest of your life
Let's not waste any time, she smiled

Chorus x2

Bridge x2

Never seen a girl so damn fine to think that she could be mine
If I play it right, could be the best day of my life
Oooo, yeah
