

# IN THE WIND

## Intro

I can't find the one for me

## Verse 1

I got everything I mean everything I need but you  
But having everything mean nothing to me  
I'm failing to be all I can be  
So, destiny won't you talk to me, please

## Chorus

*Feel like a feather in the wind (forever)*  
*Feel like a feather (feather) in the wind*  
*Feel like a feather in the wind, blowing in the wind*

## Verse 2

Blowing around, never  
Settling down like a feather, that's not cool (not cool)  
Playtime is over, would I do it all again, never, I'd be a fool  
Learning my history is making me better for you  
So, mentally I'm ready for you, are you?

## Chorus

*Yeah*  
*Feel like a feather in the wind*  
*Blowing around and around again*  
*(blowing, forever)*  
*Feel like a feather in the wind (baby)*
