## Biography

To witness a DIMIX performance is to experience an intense and powerful DJ set. Wax flying off vinyl, mastering tripple cd players, mixer knobs twisting back and forth, volume levers being slapped up and down, music cutting in and out, all while the banging beat never stops. And to take the already riveting experience even higher, he's even more into it than you are, banging his head, waving his arms, screaming intensely when the drop kicks.

His sets are as dynamic and exciting as they are pumpin' but never losing sight of the fact that you are there for one reason, to dance your ass off!

DIMIX is the first person to admit that he's hyperactive, the work hard and play hard type, and this is one of the major driving forces behind his success as a DJ. His need to constantly change, evolve, and just plain "do", is what distinguishes him from many other DJs.

His DJ career has taken him to some of the hottest clubs and events around the globe like, Pacha (La Pineda), Summer Nights Ibiza Beach Party (Aqaba Beach), Olivers (Jordan), Kraftwerk (Germany), Privilege Ibiza World Tour (Global), Zooproject (Ibiza), El Divino (Ibiza), Random at Hush (Ibiza), Kanya (Ibiza), Judgement Sundays (Eden Ibiza), Chocolate Club (Shenzhen-China), Café Del Mar (Singapore), Lake View (Koh Samui- Thailand).
